MEMORIES

By: Alice E. Chase

Memories are made of things
That happen every day
Moments as we live them
Things we do or say.

Little bits and pieces
Of laughter mixed with tears
Paragraphs and pages
Written through the years.

The carefree days of childhood
The growing pains of youth
A few illusions shattered
In the endless search for truth.

The friendships we remember
Mistakes that we regret
The making of a love affair
We never could forget.

Yes, memories are happenings
Each one a different kind
Each one a separate chapter
That is printed on the mind.

We can't erase the sadness
Or edit out the tears
We can't undo the wrongs we've done
We can't relive the years.

But since memories keep building
Each one can be the start
Of making new and happy ones
To store within the heart!

DEDICATION

I would like to dedicate this 1975-76 yearbook to Miss Nancy Brandt. I feel she does not get enough credit for what she does for the school and the students. Not only is she the librarian who has to put up with us, but she is also the Annual Staff Advisor. She is the one who has to remind everyone what to do and how important it is to meet the deadlines.

The only time Annual Staff is thought of, is when the annuals themselves come out. If it wasn't for Miss Brandt always working to get everything organized, we would probably not even have an annual. To some, an annual is just something that costs money and is useless; but to many others an annual is something to look back to, now, and after you've been out of school. This is meant to be a memory book of your high school years.

Therefore, this annual is dedicated to Miss Brandt. She devotes a lot of her time and effort into making this annual something to remember . . . and this year we'll remember her for all the good things she has done for all of us.

Thank you Miss Brandt.

HOMECOMING SPECIAL DAYS

To prepare for Homecoming this year, we had a week of special days.

Monday was "Hat and Shades Day" when students and faculty came to school wearing sunglasses and a hat. Next was "Teacher Switch Day" and students dressed up like teachers and teachers dressed like students. Wednesday was "Backwards Day" and everyone wore their clothes backwards and inside out. Thursday was "Clash Day" when clothes that clashed were worn, and on Friday, everyone came to school in blue and white clothes for "Blue and White Day."

The week turned out to be a lot of fun for both teachers and students.

HOMECOMING

October 4, Homecoming day '75 started out clear and sunny. Around 1:30, the Three Lakes Bluejays lined up for the National Anthem. Just before the game the homecoming representatives were presented and Queen Renae Rhode received the roses from King Kevin Kuehl. The Jays ran out to start the game against Goodman with the crowd and the coach cheering them on. The Jays played their best and ended the half ahead of the Falcons.

The band put on an excellent halftime show using the theme of the Bicentennial. The third quarter started with a rousing cheer from the cheerleaders and the fans. The excitement of the game reached a climax as the game ended with a final score of 12-0. As the day closed, the students looked forward to a victory Homecoming dance.

A Word From The Coach

"Three Lakes High School entered golf competition for the first time with thirteen boys participating in conference play.

Enthusiasm and hard work by the boys kept them in contention for conference honors during the season. Three Lakes can look forward to the future in golf, as a good nucleus of boys will be available.

A WORD FROM THE COACH

The 1975 Three Lakes football team captured the school's first Northern Lakes Conference crown with a perfect 8-0 record. The team was led by several all conference players that helped produce the conference's best offense and defense. With all due respect to the individual performances that stood out, perhaps the mainstay of this year's team was it's ability to play as a unit. "Teamwork" was the theme of the season and never once did a single team member lose that thought. The 1975 Bluejays represented their school and community well by winning the championship, a feat that no other team accomplished in 26 years of eleven man football.

Congratulations Bluejays!

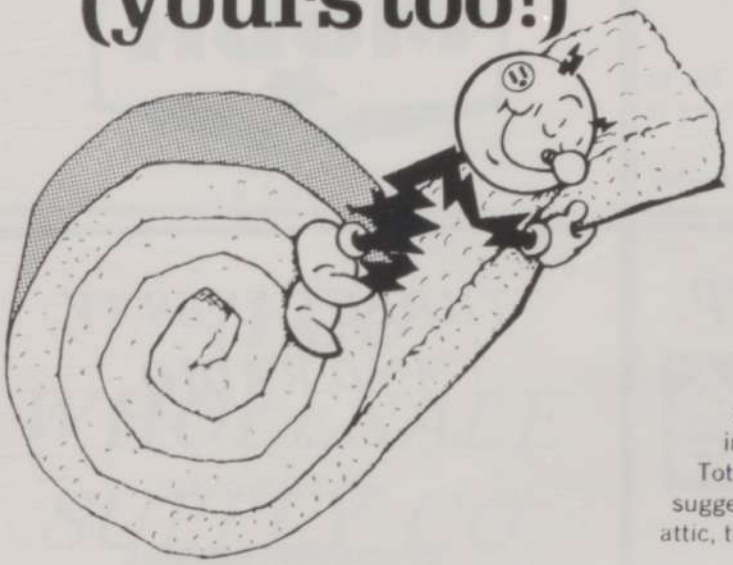
Insulation is Reddy's best friend (yours too!)



When your house is well insulated, the cold stays out, you stay comfortable, and Reddy doesn't have to work as hard to keep it that way. So your heating bill goes down.

The difference in heating bills for a poorly insulated house and a well insulated one can be as high as 33 percent a year. And that's not all—good insulation puts less wear on your system so it lasts longer and provides a more even air temperature throughout the house.

Where and What?

For walls, ceilings and floors, the most common type of insulation is called "batt" or blanket insulation. This is a layer of spun glass or vegetable fibers attached to a backing of metal foil or kraft paper.

Total electric requirements for good insulation suggest six inches of insulation in the floor of the attic, three inches in walls and two inches in floors.
