Teaching Drum Outdoor School: Brother Wolf Foundation

Organization's main mission:

The Brother Wolf Foundation is currently a dream to create a sanctuary for unwanted domesticated Wolves. The sanctuary will work to provide a natural home for Wolves who are no longer able to live in the wild, as well as to renew awareness of the ancient Wolf-Human relationship.

The purpose of the Foundation is to honor our unique and sacred kinship with Wolf, which according to the legends of the Ojibwe people of the Upper Great Lakes region, has existed since the dawn of creation. It is so close that the destinies of both species are inextricably intertwined. "As goes the fate and fortune of Wolf, so goes the fate and fortune of Man," says one of the legends. This profound relationship is a metaphor for our kinship with all of life.
